Roberta Jeanne Sheets of Greenbank Is Making an Outstanding Civic Record

TOP PHOTO:

A Pocahontas County girl who has gone a long way in the field of leadership in chosen youth activities is Robert Jeanne Sheets, daughter of Mr. and Mrs. Clarence Sheets of the Greenbank community.

Miss Sheets, a charming and attractive young lady, already had made an enviable record in Four-H Club work. She has been a member for seven years and completed twelve projects. During 1946-47 she was a junior leader of the Greenbank Mersey Wiggles Club, and assisted 4-H club members in various phases of the program. At Jackson's Mills during Girls' State 4-H Camp she was awarded an All-Star scholarship to return to Girls' State Camp in 1947, due to her outstanding camp record. In project work Miss Sheets has won several awards for baking and sewing. In June of 1947 she attended Older 4-H Club members conference at Jackson's Mill to assist in direction of the music. At our

own County 4-H Camp she was presented the Gold and Blue leadership award for outstanding activities.

Jeanne is also outstanding in the Future Homemakers of America, and is a national Vice President and outgoing State Song Leader in that organization. She recently attended a meeting of national officers held at Kansas City, Mo., where 22 girls from all over the nation met in conference.

Upon being interviewed about the trip to Kansas City, Jeanne enthusiastically told of it as being her first long train ride, and said it was interesting because the railway followed the flood area of the Mississippi River during a great deal of the journey.

The national officers were entertained with a dinner at the Hotel Meuchbach (where President Truman was a guest during his recent stay there) by the International Harvester Company. Young Miss Sheets

would not like to think of trading Pocahontas County's climatic conditions for Kansas City's 107 degree temperature, she said.

Upon her return from the national meeting, Jeanne was invited to be the only girl participant in the state Future Farmers Conference at Jackson's Mill. While there she played with the Future Farmer Band, and was a guest speaker at one of the banquets. Other speakers were Gov. Clarence Meadows, State Superintendent of Schools W. W. Trent and State Agriculture Commissioner J. B. McLaughlin.

This comely lass emphatically indicates that it is her present intention to continue her efforts in these worthwhile youth organizations, the activities of her high school, church and community, because she believes a life of personal enjoyment can best be attained by the ultimate in service to others.

son Commission, John L. Casto of Pocahontas County, told of using an airplane in patrol work here, with McCloud of Marlinton as pilot. "I find that this way of patrol once in a while," he said, "does much as I am able to do."

21 and 28 years of age who are high school graduates and have graduated from a school of nursing are eligible.

OVER FRANKFORD HI

The Marlinton Copperheads start-
ed the 1947 football season by win-
ning from Frankford 7-0. Although
their offense was not so smooth their
fine defensive play stopped Frank-
ford cold. Marlinton held an 8-4 ad-
vantage in first downs. They also led
in yardage gained, 160 yards to 67
for Frankford. Although they out-
played their opponents completely,
Marlinton's touchdown was set up by
a fumbled punt by Frankford which
Marlinton recovered on Frankford's
12 yard line. VanReenen picked up
5 yards through the line and Kellison
passed to Moses for the touchdown.
Moses completed a pass to Arbogast
for the point.

Marlinton had a very good passing
offense completing 4 of 12 passes,
while Frankford tried three, all of
which where intercepted. Acting
captain was James Clark.

The answer then to our problem is this—God is able to keep to the uttermost those who put their trust in him (Heb. 7:25) through the grace he gives. Suffering may be in his permissive will for our own self-judgment and growth in grace. But back of it all is the

Rev. E. N. Carlson of Durbin Purchases Sound System

The Rev. E. N. Carlson, pastor of the Durbin Methodist Church has purchased a modern sound system, with both microphone and transcription in-puts. The set is now available for home funerals, he says, with one speaker to be used in the family room and another placed on the porch, so that all may hear the services. At family reunions and other public gatherings the public address system is available to carry voice and music to the crowds.

A Holy Communion Service was held in the Durbin Church last Sunday and all the music, consisting of organ and chimes, hymns by St. Luke's Choristers of Long Beach, Calif., and Phil Spitalny's All-Girl Choir was brought to the largest group of people to receive Communion at the church this year. The Bible in Pictures, made possible by a new projector and the great music of the Church on the new sound system has been the means of bringing the best in the world right to the sanctuary in Durbin, Rev. Carlson states.

Eighty-three members and guests attend the Armistice Day dinner of Pocahontas Post No. 50, American Legion, Tuesday night at the Marlinton Methodist Church. An inspiring address, "Les We Forget," was given by Department Chaplain John W. Hollister of Fairmont.

Invocation was given by Rev. John K. Fleming of Hillsboro, a welcoming address was made by Post Commander E. G. Herold, Jr., a report on membership was given by Adjutant Raymond Shrader, and Miss Alice Waugh, president of the Legion Auxiliary, brought greetings from that organization. Frank E. Johnson was toastmaster for the banquet and the principal speaker was introduced by Aubrey E. Ferguson.

As entertainment features there was group singing led by Alma Hess Ferguson, accompanied by Mrs. Frank Johnson, and a sleight of hand performance by Carl Seiber.

At the close of his address Chaplain Hollister dedicated a wreath in memory of the war dead and taps were sounded by Marion Faulknier.

Albert Wilfong Wins State Honor

Albert Wilfong, 20, son of Mr. and Mrs. Charles Wilfong of Greenbank, Pocahontas County, was named State F.F.A. Star Farmer for 1947 at the annual banquet, held in connection with the 19th annual State Convention. West Virginia Association-Future Farmers of America, Sunday August 3, at Jackson's Mill. Along with the honor went the Monongahela Power Company's cash award of \$125.00 presented by James L. Copeman, Agricultural Counselor for the power company.

Young Wilfong started his farming career when he enrolled in vocational agriculture at Greenbank High School in 1941. His first farming program consisted of three small enterprises which have been expanded during the past six years to a full-time partnership business with his father on their 1074 acre livestock farm. Albert now has a one-third interest in the total farm business. His present share of livestock and crops include 44 head of beef cattle, 52 sheep, one brood sow, four acres of wheat, three acres of corn and 38

come for the past six years from farming was \$7,077.73, much of which has been reinvested in new farm machinery, livestock and farm improvements.

The Wilfong farm is considered one of the best livestock farms in West Virginia. Both Albert and his father are working to modernize the farm and home in every respect. Wide use of power equipment and electricity is now being made on the farm.

Young Wilfong has not confined all of his activities to farming. He has been an outstanding leader in his school and community. He has served as president of both his local F.F. A. Chapter and the Greenbrier Valley Federation; as 2nd vice president of the West Virginia Association, Future Farmers of America; and as a leader in his church and sunday school. He is a member of the Pocahontas County Farm Bureau and a leader in the older youth group in his community.

Since graduation from high school in 1945, Albert has devoted full-time to developing the home farm. He expects to

Prominent Guests Expected at Greenbank Sportsmen's Banquet

Saturday evening, November 1, the Upper Pocahontas County Sportsmen's Association will hold its annual banquet in the Greenbank high school gymnasium. This is expected to be more than just an "eat and talk" affair, according to officials, and it will be of interest to every sportsman and out-doorman to be present.

Congressman Melvin C. Snyder of this District, will be the principal speaker. Other prominent persons, some of whom will make brief talks, expected are Senator Fred C. Allen of Marlinton; Dwight H. Teter, of Elkins, the president of the West Virginia Affiliated Sportsmen's Association; Senator John Bowling of Greenbrier County; D. D. Harrah, of Lewisburg, president of the Greenbrier County Sportsmen's Club; Oliver W. Singleton and Mr. and Mrs. Edward R. Johnson, editors of West Virginia Hills and Streams Magazine. John Hanlan of the Charleston Gazette will be present to take pictures of the group.

The speakers will discuss problems of interest to hunters, fishermen and conservationists. Upper County leaders have for some time contended that the recreational situation has now reached the place where it is necessary to take steps to provide for the future and preserve present ad-

County Teacher To Sudden Ho

The county was surprised Wednesday, October 2, to learn of the sudden death of Rita May Summe, teacher at the Woodrow school. She was called to her home by a heart attack while on her way to school. She had been teaching for many years and was well known in the community.

The deceased was born in Marlinton, and was married to Mr. and Mrs. F. Marlinton, and was living near Pickens on the day of her death. She had spent much of her life there.

Upon receiving the news of her death, she returned to her first school where she had taught for three years. She was united in marriage to Camden Summe, who preceded her in death.

Mrs. Summe was a capable person, of great strength and ability. She was reared in a Methodist Church and became a member of the church in which she lived. She was a devoted Sunday school teacher and church worker.

Surviving in addition to her husband is a brother.

She was laid to rest in Dale Cemetery where all of her services were conducted by Rev. Crawford, with burial in charge.

The banquet is not a money-raising venture on the part of the association, it is emphasized, and all proceeds go to the Greenbank School Library fund. Last year more than 200 attended, and a bigger crowd is expected Saturday night.

L. M. Meador of Cass, is president of the Upper Pocahontas County Sportsmen's Association, and Leo W. Young is secretary. Other officers are W. E. Blackhurst, vice president and R. L. Ervine, treasurer.

Virgil B. Harris, principal of the Greenbank high school, announced a menu for the banquet Saturday as follows: Fruit cocktail; chicken, dressing and gravy; potatoes; baked corn; green beans; applesauce; vegetable salad; hot rolls; butter; pickle; coffee; pie and ice cream.

County Board of Education Building Expansive Unit

Construction has been under way for some time upon a new addition to the facilities of Marlinton high school here.

Along Fifth avenue, adjacent to the high school athletic field, workmen are busily engaged laying the groundwork for a two-story building which will be approximately 300 feet in length. When completed, the new building will house auxiliary classrooms on the second floor, and on the ground floor will be separated to provide facilities for a garage, a farm shop, and Vo-Ag department.

Upon completion of the first section of the new building, a red struc-

ture facing Ninth street, which now serves as a temporary storage building, will be torn out and a new section will be added which will eventually provide offices for the County Board of Education and will also serve other school purposes.

It is likely, according to reports, that the football field will be moved over farther on the lot, and according to present plans sheltered bleachers will be built along the side of the expansive new structure.

The Vo-Ag instruction, which necessitated additional space at the high school, was added to the curriculum this year, with H. Nicholson as instructor.

Writes the correspondent, "I came quite lonely for the Delbert Gillespie, the children had gone so the deer followed a little late, of course, the way the children had . . . About recess time the deer made her appearance at school. How excited we were! Judge Jarrett Sentences Curry to Penitentiary

At a brief session of circuit court conducted by Judge Mark L. Jarrett on Tuesday, July 1, Sam Curry withdrew his motion for a new trial. Curry was recently tried here in a change of venue from McDowell county on a charge of slaying Will Hunt, 56-year-old Negro during the first day of the nation-wide coal walk-out last November. James Roosevelt Thomas, former United Mine Workers committeeman, also was killed at the same time.

Following Curry's action on Tuesday, the State nollied an indictment against him for the killing of Roosevelt Thomas. Judge Jarrett denied a subsequent application for probation made by Curry and the mine foreman was sent to the penitentiary for an indeterminate sentence of from 1 to 5 years for his conviction of voluntary manslaughter in the death of Hunt.

Judge Jarrett refused a new trial for Vesper Ray Cutlip, convicted of grand larceny. The State filed information against the defendant alleging two previous convictions, and he was sentenced to the penitentiary for life. Counsel for Cutlip made motion for a stay of execution for 90 days to arrange for an appeal.

Are United in Marriage

Miss Nancy Sue Hill, attractive daughter of Mrs. James O. Hill and the late Dr. Hill, 518 Tenth avenue, became the bride of Mr. Marvin H. Dill, son of Mr. and Mrs. E. O. Dill of Cass, W. Va. in a candlelight ceremony at Johnson Memorial Methodist Church at Huntington at 4:30 o'clock. Dr. Rolla S. Kenaston performed the ceremony on June 22, 1947.

The chancel was arranged with palms, cibotium ferns and sherferlea and four wrought iron candelabre holding seven candles each. There were three arches with candles at the altar and beneath the center arch was a satin kneeling bench.

The taper lighters were Mrs. John H. Schrote and Mrs. Don Carnohan.

Mr. Luther E. Woods Jr., organist, played the nuptial music and Miss Emily Shadburn sang.

The bride was given in marriage by her uncle, Mr. John Moore, of Charleston, W. Va. She was lovely wearing a wedding gown of sheer marquisette with tight fitting bodice slightly pointed in front, long sleeves tapering to a point over the hands and a drop shoulder neckline outlined with three rows of lace. The same lace formed the inserts in the skirt and the long full circular train. She wore her sister's bridal veil which fell from a coronet of orange blossoms and was of fingertip length. Her bride's bouquet was of white roses, gardenias and stephanotis centered with a white orchid.

The bride's attendants were Mrs. James Winn, a sister of Richmond, Va., who was matron of honor, Miss Lillian Sturgill of Hamilton, O., Miss Marie Dill, sister of the groom, Miss Sarah Louise Locke of Huntington and Miss Opal Ferrell of Logan, W. Va. Their dresses were of yellow dotted swiss with drop shoulder neckline with one ruffle of the material, full skirt with a wide ruffle around the bottom and bustle back. All wore yellow in four shades from deep to pastel. Their flowers were yellow California daisies with honeysuckle leaves.

Mr. James Winn of Richmond was best man and the groomsmen were Mr. James Williams of Louisville, Ky., Dr. A. B. Drake, Mr. Charles Hooper and Mr. Clyde Ball, all of Huntington.

The Wedding reception was given by the bride's mother at the Hotel Prichard. She wore a dusty pink crepe dress with hat to match and an orchid corsage.

The Groom's mother wore an oyster white mesh with accents of blue and an orchid corsage. The bride's table was arranged with huckleberry and at either end was a bowl of white gladioli and snapdragons. The three-tiered wedding cake was flanked by crystal candelabra with white tapers.

Among out-of-town guests attending were Mr. and Mrs. R. W. Fox of Charleston, Mr. and Mrs. James Waugh, Mrs. L. W. McPherson and Patricia Ann, Mrs. Naomi Kane, Mrs. A. E. Harouff and Miss Dorothy Harouff, all of Cass, and Mr. and Mrs. Mack H. Brooks of Marlinton.

The bride is a graduate of Logan high school and Marshall College. She is a member of Theta Rho sorority and the college YWCA. She attended Wiseman's Business College and was formerly employed as home economist by the Appalachian Electric Power Company in Williamson, and recently was employed in the accounting department of the Lando Coal Corporation. Her late father practiced medicine in Logan where the family formerly resided.

The groom is a graduate of Greenbank high school and Marshall College. He was commissioned in the Naval Air Corps at Pensacola, Fla., where he was an instructor for 18 months and did patrol duty as a pilot at Bermuda and Panama. After 40 months in the service he was discharged and placed on inactive duty with the rank of lieutenant (j.g.). He is attending dental school at the University of Louisville, Ky., and following a honeymoon at Sea Island, Ga., the couple will reside at 209 York street, Louisville.

Brazen Poker Players Nabbed by Richwood Mayor —In His Own Office!!

It was nearing four ayem and if you had been an early riser or a night owl on a particular morning recently you might have seen Richwood's mayor, R. N. Callahan, heading for his office at a brisk pace.

The reason for the early trip to his office was not particularly the desire of the honorable mayor but was the result of a mysterious telephone call.

The caller, unidentified at least officially, warned that "if you will go to the city hall, you'll find a big game going on in the mayor's office."

Hurriedly dressing, he mayor appeared at his office in record time. Lashing out his key in preparation to gaining entrance, he tried the door and found it unlocked. Moving inside he found a smoke filled room and eight card players seated around a table. Scooping up as much of the money on the board as he could get,

the mayor merely announced that all were under arrest and the fine was set at \$25.00.

All protested that that was too much money and that they would seek legal assistance. Finally after an hour of wrangling the fine was reduced to \$20.00. All paid off except three whose money had been confiscated in the one-man raid. Each wanted the mayor to give back enough of the money to pay their fines but the officer was insistent.

Some demanded receipts and the mayor obliged but while in the act of writing them three players slipped out of the room and the mayor collected from only five. One reappeared on Monday and paid his fine.

The policeman on duty at that time, was fined and suspended from the force.

Net gain: From the board, \$65.00 in cash and a check drawn on a Charleston bank for \$25.00. From the fines, \$120.00 in cash.

Net loss: One policeman, several hours of good sleep by all.

RAIN OR SHINE

585 Acres Located at Stony Bottom, Near Clover Lick, In Pocahontas County, West Virginia. About 25 Miles from Marlinton, and 8 Miles from Greenbank.

This well-known estate — a real stock and grain farm — is located right at the town of Stony Bottom and overlooks Greenbrier River. It is seldom that you have the opportunity to bid on property like this in such a choice blue-grass section. The rich fields are in high state of cultivation, balance of the land in old, blue-grass sod. The growing crops speak for the fertility of this rich, level land. Well watered, fenced and cross-fenced. Here cattle are exported from the blue-grass and can be conveniently shipped from the Stony Bottom railroad siding. Cattle buyers pay top prices for cattle from this farm. The large portion meadow land will furnish hay to winter the large number of cattle carried on this farm at all times. If you want a real stock farm, here is your opportunity.

Two nice homes, both situated in beautiful groves and nicely elevated, store and post office building, large cattle and sheep barns and other out-buildings.

This farm will first be offered in three parcels, as follows: (1) The beautiful 8-room home and 8 1/2 acres. This will suit the man who wants a small farm for retirement or one who works in a near-by community. (2) The store and post office building and 1 acre of land. A good investment. (3) 576 acres including the 8-room farm residence, cattle barns and other outbuildings.

Immediately after the land is sold, we will sell all livestock, including 90 head of choice Hereford cattle, all new farming equipment, all hays and grains and 2 trucks.

Your inspection is invited prior to sale. Sign on property. Luncheon will be served by ladies of the local church.

District 50 Leader Tells Tannery Workers Living Costs, Wages Are Too Far Apart

OUR DEMOCRACY ————— by Mat RIGHT OF PATENT

WHEN OUR FIRST UNITED STATES CONGRESS MET, ONE OF ITS EARLY ACTS WAS TO ESTABLISH—ON APRIL 10, 1790 — THE UNITED STATES PATENT OFFICE... MAKING SURE THAT THOSE MEN OF TALENT, WHO WERE TO GIVE OUR DEMOCRACY MANY NEW AND USEFUL THINGS, WOULD BE PROTECTED AND REWARDED.

Pat Mingarelle, regional director of Region No. 9, District 50, United Mine Workers of America, called a special meeting of Local Union No. 13064 of Durbin last Sunday, April 13. Mr. Mingarelle, it is reported by Leo W. Young, publicist, told the group the cost of living has increased in the last year far beyond reason in comparison with the present day wage scale. "It is our job," he said, to get them on a more equal basis. In the last year the present administration has dealt us a hard blow. Labor must stick together to bring wages and the cost of living to a more equal basis."

Mr. Young stated a call for a special meeting of Locals No. 12961, Elkins, Local No. 12392, Marlinton, and the Durbin local union, to be held in the Odd Fellows Hall at Marlinton on Sunday, April 20, at 2:30 o'clock in the afternoon. This, said Mr. Young, will be a get-together meeting for labor and industry.

This, says Mr. Young, will be a get-together meeting for labor and industry, and all members and officers of the three local unions are urged to attend.

entered into a new agreement with the Pocahontas Tanning Company only five months ago, in which they were granted an increase of seven cents per hour in all job classification rates. In that agreement the company also agreed to supply rubber boots, respirators, aprons and rubber gloves to employees working in wet departments and in the beam house, and to furnish a pair of canvas gloves every two weeks to regular employees working in the wet departments. The company also agreed to pay for each employee \$1.00 per month for the premium of the group hospitalization insurance carried by the employees.

Under the terms of the existing agreement negotiations may be reopened after June 1, 1947, if at that time there "has been a substantial increase or decrease in the cost of living from the index figure for November 15, 1946, as determined by the Bureau of Labor Statistics' 'Consumers' Price Index for Moderate Families in Large Cities'."

At Marlinton, it was stated, employees are now working under a previously existing agreement which was extended by mutual consent of the International Shoe Company and the employees.

Greenbrier Hotel Transfer Has Been Completed

Title to the Greenbrier Hotel, historic resort located at White Sulphur Springs, was transferred Monday to the Chesapeake and Ohio Railway Company by the War Assets Administration in Richmond, Va.

Purchase price for the property which was operated during the war years as Ashford General Hospital was announced as \$2,950,024. Part of the price was paid early in August when the railway company's bid to purchase the property was accepted by the WAA.

The ceremony of transferring the title took place in the office of W. T. Lowmaster, executive vice president of the railway in Richmond.

An estimated \$1,500,000 will be spent for the rehabilitation and renovation of the property which, according to Mr. Robert J. Bowman, president of the Chesapeake and Ohio, is to be completely restored. The Greenbrier Hotel Corporation, a wholly-owned subsidiary of the C. & O., has been organized for the purpose of operating the resort.

Monday's transaction terminated the Government's interest in the property which, in addition to the main six-story structure accommodat-

ing 1,000 guests, includes 31 cottages, 17 separate buildings for housing employees and 54 miscellaneous structures. Grounds embrace approximately 7,000 acres.

There are two 18-hole golf courses and one 9-hole course which will be available to golfers during the interval of renovation and reconversion. The C. & O.'s passenger station is located a short distance from the hotel, which is also served by a municipally-owned airport with hangar and service facilities.

The casino, located adjacent to the tennis courts, will be re-designed and re-equipped.

The principal hotel building will be completely redecorated and newly furnished throughout. The program is expected to be completed by September of next year.

In addition to golf courses and tennis, the Greenbrier has facilities for skeet and trap shooting, archery and other sports. Its riding trails are world famous, and streams which run through the grounds are well-stocked with trout and bass. The management will maintain a pack of hounds for the followers of the traditional sport of drag hunting.

POCAHONTAS FAIR TO START MONDAY

Finishing touches were being given this week to all the details of preparation for the Twenty-ninth Pocahontas County Fair, which will be held all next week, August 11 to 16, at the Marlinton Fairgrounds.

From practically every standpoint, the Fair is expected to exceed efforts of former years. The West Virginia State Sheep Show will be held in connection with the Pocahontas County Fair, and agricultural officials stated the largest and most colorful display of agricultural exhibits in many years would be in evidence here next week.

Headed by Brady and Leedy shows the Fair officials have listed several entertainment features, including the world-famous Hell Drivers. A Radio Show is scheduled for Tuesday night, and Harness Racing and Horse Show features will begin on Tuesday afternoon.
